Khaled Mohamed Abd ElMajed Ahmed

Aswan, Egypt | 01129504098 | khaledmomaged@gmail.com | LinkedIn: linkedin.com/in/khaled-mohamed-668067307

SUMMARY

Aspiring Software Engineer with hands-on experience in web development, AI applications, and client-server architecture. Skilled in JavaScript, Vue.js, Node.js, Express.js, MongoDB, Mongoose, SQL, and RESTful API integration. Strong problem-solving mindset with a solid foundation in software development methodologies, database management, and responsive web application development. Passionate about building scalable backend systems and practical, user-focused software solutions.

SKILLS

- **Backend Technologies:** Node.js, Express.js, MongoDB, Mongoose, RESTful APIs
- **Frontend Technologies:** Vue.js, HTML, CSS, JavaScript, Bootstrap
- **Programming Languages:** JavaScript, Python, C++, Java, C
- **Databases:** SQL, Relational Databases, CRUD Operations
- **Core Concepts:** Client-Server Architecture, HTTP Methods, API Integration
- **AI / ML:** Machine Learning
- **Methodologies:** Agile, Waterfall
- **Soft Skills:** Problem Solving, Teamwork, Adaptability

EXPERIENCE

Web Development & AI Intern — ITI Front-End Development Technologies / Huawei AI NTI, Aswan

July 2024 – January 2025

Fron end Development — ITI Front-End Development Technologies (Vue js) August *2025*

- Developed responsive web applications using Vue.js and modern frontend technologies.
- Integrated RESTful APIs and worked with client-server architecture concepts.
- Built an AI-powered job recommendation system using machine learning techniques.
- Applied Agile and Waterfall methodologies in real project environments.
- Collaborated with team members to deliver functional and user-friendly software solutions.

PROJECTS

- **BIG Gym Website:** Developed a responsive web platform for fitness centers with a focus on usability and mobile-friendly design.
- **Med Link:** A modern, user-friendly web app built with Vue.js to streamline booking doctor appointments
- **Amazon simulation:** A responsive e-commerce project with product browsing and a shopping cart, inspired by Amazon's design.

EDUCATION

Bachelor of Computer Science — College of Computer and Information Technology, AASTMT,

Egypt Expected Graduation: 2026

ADDITIONAL ACTIVITIES

- Collaborated with diverse development teams to deliver software projects.
